Dave Reichert: Working to Protect the Environment

Alpine Lakes Wilderness Bill

A bipartisan, collaborative group of citizens dedicated to conservation and recreation joined Dave Reichert to shape this bill to expand the Alpine Lakes Wilderness Area (pictured left) and designate the Pratt River as Wild and Scenic. It will expand the existing 394,000-acre wilderness by 22,100 acres to include important lower-elevation lands and complete watersheds.

Fighting Global Warming

To reduce carbon emissions and greenhouse gases through market-driven incentives, Dave Reichert cosponsored the Climate Stewardship Act. It includes a “declining cap” provision that cuts emissions steadily over time, reducing emissions below current levels within the next five years and has a long-term target of reducing global warming pollution by 75 percent by mid-century.

Conservation Efforts

- Cosponsor of the Wild Sky Wilderness Act
- Voted against drilling in ANWR
- Introduced CAFE standards legislation
- Cosponsored legislation to develop plug-in hybrid technology
- Working to keep oil tankers out of Elliott Bay
- Pushing for \$5.1 billion in new conservation funding in the Farm Bill
- Supported a \$211 million boost in funding for National Parks
